**HOVENSA, St. Croix:** On January 23, the HOVENSA Environmental Response Trust announced the commencement of a 60-day public comment period on the proposed permit modification to update its RCRA closure and post-closure plan for Landfarms 2 and 3. An informational public meeting is scheduled for Wednesday, February 7<sup>th</sup>, and the public comment period extends until March 24, 2018. Upon resolution of any written or verbal comments received during the comment period, the HOVENSA ERT would eventually close the landfarms, which no longer accept hazardous wastes. CASD's Hazardous Waste Programs will attend the public meeting, and we will also meet with VIDPNR on February 6, to discuss the path forward on corrective action. Note: This is the same site as LBT.
